# CYBER SECURITY SUMMER WORKSHOP

August 1st, 2nd, and 3rd, 1-2 pm

Ames Public Library: PEO Room

Who can attend: All students grades 4-8

(This program is free!)

Each day will cover different cybersecurity topics, followed by a game to test and improve your knowledge! Students will leave equipped to protect themselves against cyber threats.
At the end of the last day, students can receive a certificate of completion!

Day 1
Learn the meanings of terms describing cyberattacks such as phishing and pharming and how to detect them

Day 2
Learn to evaluate the strength of passwords and password management. Learn about different types of malware

Day 3
Learn how to protect yourself from cyberattacks and techniques to mitigate them

CYBERSECURITY
EDUCATE EMPOWER PROTECT
AMBASSADOR
