

Experience Culture, Make New Friends:

Host a Student from Koshu City, Japan!

Ames International Partner Cities Association (AIPCA) is seeking host families for a delegation of middle school students visiting from our sister city, Koshu City, Japan!

Become a Host Family and:

- **Share your culture:** Introduce a student to American life and create lasting friendships.
- **Learn about Japan:** Gain a firsthand perspective on Japanese customs and traditions.
- **Expand your horizons:** Experience the joy of cultural exchange right in your own home.

Who can host?

We welcome families of all backgrounds who are eager to share their hospitality and create a memorable experience for a student (ages 14-15) visiting from Koshu.

What is involved?

Host families will provide a comfortable and welcoming home environment for a student during their visit (October 13th-18th). You'll have the opportunity to share meals, participate in activities together, and help them experience Ames.
